## Work Experience

**Graphic Designer & Animator at VMG Studios • Jun 22 - Current**

**(Full-time • Aug 2022 - Current)**

**(Internship • Jun 2022 - Aug 2022)**

Bellevue, WA

Creating client content in Adobe Illustrator and Adobe After Effects for clients like Amazon, Microsoft, Starbucks, and Meta.

**Here are some of my standout contributions:**

- As the lead designer for Microsoft Loop projects, I oversee the delivery of high-quality products, fostering strong client relationships. To date, we've successfully completed nine projects, consisting of over 40 deliverables, with more in progress. I've also played a key role in shaping a vibrant and refined illustration style for the brand, collaborating closely with the team.
- I contributed to a K-12 financial literacy E-learning course developed for underprivileged teens in collaboration with Fifth Third Bank. Despite being allocated 5 hours for animating each video, I animated videos in as little as 2 hours, reducing production time by 60%.

**Animation Intern at Encantos Media • May 2019 - Aug 2019**

Manhattan, NY

Animated title cards, stickers, and GIFs for Canticos® (Emmy-nominated show previously available on Nick Jr™) Instagram and Youtube posts in After Effects, ToonBoom, Maya, and Photoshop.

## Education

**Pratt Institute • BFA in 3D Animation and Motion Arts**

**Sept 2017 - May 2022**

Presidential Merit Scholarship

Dean's List

Fluent in English & Korean and studied Spanish for 4 years
